SYNERGY COMP CASE STUDY

A.J Blosenski

OVERVIEW

A.J. Blosenski Inc. is a fourth generation, family owned and operated, full service trash and recycling company established in 1994. They are dedicated to pushing the limits of excellence, standing at the forefront to provide the finest and healthiest environments attainable in the industry.

CHALLENGES

A.J. Blosenski had trouble closing claims quickly due to the relationship they shared with their previous carrier. This contributed to an increase in litigated claims and an increase in their experience mod each year.

SOLUTIONS

Synergy began working hand-in-hand with A.J. Blosenski n 2012. Corrective actions and open communication resulted in a decrease in claim frequency and an overall improvement in the safety culture. A.J. Blosenski now has a more proactive approach when it comes to safety.

RESULTS 68% decrease in incurred 94% decrease in average claim cost 23% decrease in experience mod 100% commitment to transitional return to work

IJ

The greatest benefit has been the reduction in our experience mod. In 2016, our mod was .644 which ranked us first in trash and recycling companies in the state of Pennsylvania. We also went three years with zero lost time accidents.
